**2011 CATALOG**

**The Logos Christian University** is an evangelical, of men and women for manifold ministries to Christ and His Church. Under the authority of the Scriptures, we seek to fulfill our commitment to ministry education, preparation, and spiritual formation. Central Christian University strives for excellence in all its ministries in the service of Jesus Christ under the guidance and power of the Holy Spirit.

In the late 1970s, a group of twelve educators from various colleges and universities joined together to develop a quality external study program for a major Christian university in the United States. Their mission was to provide an excellent Christian college education to individuals unable to attend traditional colleges due to family or ministry obligations. .

Under the expert leadership of men and women called and equipped in Christian education, The Logos Christian University has continued to grow through the years and has become a leader in the implementation of higher education by the development of new programs to meet the needs of the church and the Christian community around the world.

## **Mission Statement**

*"...To help prepare leaders to fulfill their calling and Impact lives, Communities and the world"...*

*The Logos Christian University has several regional study sites across the United States.*

*From a rich heritage of ministry spanning three generations, God has established an educational organization of integrity and power for implementing God's purposes in the earth. With a firm foundation in post secondary Christian education, The Logos Christian University has become a strategic hub for Christian leadership today.*

## **Philosophy and Mission...**

*From its inception, The Logos Christian University has promoted the local church as the mechanism through which people of like faith develop a sound foundation in the gospel of Jesus Christ. The Logos Christian University is an extension of the church and a partner in the mission of preparing individuals to be responsive leaders and servants of God.*

*The Logos Christian University embraces a mission of “being an ever-expanding and vital educational vehicle for use by God to work in the lives of people as they serve and contribute to others.”*

*In brief:*

*...to honor God in all we do*

*...to help people develop*

*...to pursue excellence*

*Founded on the principles of faith, The Logos Christian University affirms:*

***That the Scriptures, Old and New Testaments, are the inspired, infallible, and revealed Word of God and the only authoritative source of Christian doctrine and precept.***

***That God has revealed himself to be the living and true God, perfect in love and righteous in all His ways.***

***That God, who discloses himself through His creation, has spoken in the words and events of redemptive history. This history is fulfilled in Jesus Christ, the incarnate Word, who is made known to us by the Holy Spirit in sacred Scripture.***

*That scripture is an essential and trustworthy record of this divine self-disclosure. All the books of the Old and New Testament, given by divine inspiration, are the written word of God, the only infallible rule of faith and practice. They are to be interpreted according to their content and purpose and in reverent obedience to the Lord who speaks through them in living power.*

*That man was created in the image of God, but as a result of sin, is lost and powerless to save himself.*

*That the only hope for man is to believe on the Lord Jesus Christ, who died to take upon Himself the punishment for the sin of mankind, and who rose from the dead so that, by receiving Him as Savior and Lord, man is redeemed by His blood.*

*That by the sinless life of our Lord Jesus Christ, His miracles, His vicarious and atoning death, His bodily resurrection, His bodily ascension into heaven, and His return to this earth, He is Lord over all things.*

*That the Holy Spirit reveals the truth of God's Word, endues men and women with power to minister and enables them to live righteous and holy lives.*

*That the Church is the Body of Christ and is comprised of all those who through belief in Christ have been spiritually regenerated by the indwelling Holy Spirit and that the mission of the church is worldwide evangelization and the nurturing and discipling of Christians.*

*Our intent is to prepare individuals to be responsive to the call of God on their lives. We will achieve that mission by aggressively delivering high quality educational materials and sound Biblical training to our students. We will work hand in hand with church leadership to promote the goals and vision of the local church.*

***“Our graduates will embody the highest aspirations of excellence in their academic pursuits, high quality in their professional work, and victory in their Christian life.”***

*Simply put, our goals for our students are:*

- a. To increase their competence in professional knowledge and skill.*
- b. To enhance the integration of Biblical principles into their daily disciplines.*

- c. *To glorify God in the highest standards of Christian living while fulfilling God's call upon their lives.*

*Therefore, The Logos Christian University is committed to:*

- *Providing entry level educational opportunities to individuals desiring preparation for ministry.*
- *Offering advanced and accelerated programs of study for those who are currently ministering in the field and desire further training.*
- *Providing access to religious education through various methods of instruction and delivery.*

*As an educational arm of the Church, The Logos Christian University seeks to serve the body of Christ in its worldwide ministry, combining the following emphases in the types of training we provide...*

*Generally, admission to The Logos Christian University requires an official transcript of high school graduation. G.E.D. students may be admitted upon presentation of a test score of 50 or higher. Applicants possessing a high school transcript from a non-accredited institution will be considered on an individual basis by the admissions committee. Applicants without a fully completed high school diploma will be considered on an individual basis if they are over the age of 25. The following criteria must be met for acceptance to a regular degree seeking status:*

*1. High intellectual achievement and scholarship as evidenced by grades, entrance exams, and academic recommendations. Specifically included:*

*a) A cumulative GPA of 2.75 based on a 4.00 scale. A minimum 3.00 grade point average in the major is desired.*

This advisor helps the students set academic goals, develop a course schedule, adapt to college life, and identify and solve potential problems before they become crises. The advisor also assists the student when additional direction is needed.*

*In keeping with our philosophy, the admissions department gives attention to –*

- (a) scholarly attainment as shown by the school record and examination,*

- (d) emotional health,*
- (e) leadership qualities.*

## **TRANSFER STUDENTS...**

*Students transferring from recognized theological seminaries will be given advanced standing to the extent that their credits approximate the curriculum of The Logos Christian University. Since The Logos Christian University deems its courses essential for graduation, it will seldom be possible to extend credit for subjects bearing minor similarity to those listed in the prescribed curriculum.*

*No courses used as credit toward undergraduate degrees will be accepted as credit toward a graduate degree. **Courses graded less than "C" will not be transferred.** A copy of previous transcripts are to be sent to The Logos Christian University Administrative Office for evaluation.*

*Upon completion of each evaluation, a The Logos Christian University counselor will notify the student regarding the number of credits accepted for transfer. This information will be added to the student's transcript at the time of the evaluation.*

***Students must complete a minimum of 12 undergraduate hours or 16 graduate hours to be eligible for any degree.***

## **COURSE CREDIT...**

*The Logos Christian University uses the semester hour as the unit of credit awarded. This is defined as one clock hour of instruction per week for fifteen (15) weeks (or the equivalent). Most classes meet three hours a week and carry three semester hours credit. Graduate courses carry four-semester hours credit.*

## **TRANSCRIPTS...**

*All grades recorded become a permanent part of the student's academic history. If a student receives a failing grade, that grade will remain on the record. If such a course is retaken, the new registration and grade will also be recorded on the student's record. After a period of two years, it is presumed that both student and faculty members have had ample opportunity to see that any appropriate adjustment has been made. At this point any grade recorded becomes permanent and cannot be changed.*

*When a college or institution requests an official transcript, the first transcript from The Logos Christian University for each student is provided without charge, but each subsequent official transcript is issued at a charge of \$25.00. Official transcripts are only issued directly to other institutions upon request and can only be issued by The Logos Christian University Administrative Office. Transcripts will not be issued for a student who has failed to meet all of his financial obligations. A student's unofficial transcript will follow the same fees and guidelines.*

## **INCOMPLETE GRADES...**

*Students are expected to complete all course work as specified by the instructor by the end of the term. If a grade of 'incomplete' is issued, course work must be completed by the last day of the next term, or an automatic grade of 'failure' is issued.*

*Each faculty member decides whether work not finished at the end of the semester warrants an incomplete grade for the course, a reduction in grade, or a grade of F. The policy for the course is to be stated clearly in the course syllabus.*

*An 'incomplete' grade is normally issued only when the student's work in the course has not been completed due to extenuating circumstances, such as personal illness of more than a brief duration, illness in the family that has required the student's attention, death in the family, personal or family crisis of traumatic nature, or increased job responsibilities.*

*If the incomplete grade is granted, the completed course work is due to the professor by the end of the last day of the semester. Grade penalties for work completed during this period may be assessed if such a policy has been clearly described in the syllabus for the course.*

*If the work is not completed within the prescribed time, the faculty member determines whether a reduced grade or a grade of F is warranted, based on the policy published in the course syllabus.*

## **WITHDRAWALS & CHANGE OF SCHEDULE...**

After registration has been completed, courses are added or dropped through the Administrative Office or Extension Education Office with a service charge of \$5.00 for each change or set of changes made at the same time. Course changes must be approved by the student's academic advisor before the change can be made. No course will be officially added or dropped until the change has been recorded on the student's permanent record.

By permission of the Registrar, students may add a course during the first week of classes, or drop a course during the first two weeks of classes, without academic penalty. Courses dropped without permission after the first two weeks will receive an automatic "F". The Dean may permit a drop with either a "WF" or a "WP" in response to a written petition giving the reason for the request. Any course dropped after the seventh week receives an "F".

A student is not permitted to repeat a course for credit in which he has received a passing grade.*

## **RESEARCH PROJECT/EXTENSIVE READINGS...**

*Research projects and extensive readings are offered as courses in each division. These courses offer students the opportunity to carry on independent study under the personal guidance of the instructor designated by the Dean/Registrar. *To be classified as full-time, undergraduate students must be enrolled for a minimum of 15 credit hours per semester. Graduate students must be enrolled for a minimum of 12 credit hours per semester.*

*A student's classification is determined at the beginning of the fall semester by a review of the cumulated credit hours on the transcript. Students will be classified as follows:*

*Freshman - fewer than 30 semester hours*

*Sophomore - more than 30 semester hours*

*Junior - more than 60 semester hours*

*Senior - more than 90 semester hours*

## **CLASS ATTENDANCE...**

*Absenteeism in class: A student is allowed to miss class during a semester one time per credit hour for the given course (e.g., 3 times for a 3 hour course). These absences are without penalty as long as the reasons for the absence are acceptable to the instructor. The student must attend class a minimum of 70% of the time in order to be given credit for the course (except by consent from the faculty in extenuating circumstances).*

*It is assumed that students will make the most of the educational opportunities available to them by regularly and punctually attending class periods. Therefore, regular class attendance is required as a condition of receiving credit for work done in the class.*

*A student absent from a class period is subject to a loss of "privilege status," and the instructor may reduce the student's grade or deny credit for that course unless the student satisfactorily accounts for the absence.*

***Distance Education students must make a monthly call-in or email to our Student Services Department.***

*The academic policy of The Logos Christian University is designed to ultimately meet the graduation requirement of a "C" average (2.00 GPA) on all work taken from Central Christian University through normal course enrollment. This includes credit by examination earned through taking a proctored exam.*

*To remain in good standing, a student must maintain a minimum cumulative grade point average according to the number of credits completed through Central Christian University enrollment.
